PROFESSIONAL SUMMARY

Full Stack Developer with a degree in Web and Multimedia Development from the Instituto Politécnico do Cávado e do Ave (IPCA), experienced in building modern web applications using React, Next.js, TypeScript, Node.js and REST APIs. During my experience at InflightIT, I contributed to frontend and backend development, working with reusable components, API integration, accessibility and performance improvements. I have a strong interest in building scalable and user-centered applications, following best practices such as clean code, reusable architecture and maintainable solutions. Proactive, collaborative and continuously focused on developing my technical skills and delivering high-quality software.

WORK EXPERIENCE

Freelance Front End Developer • Jul 2025 - Atual

- Develop responsive web applications using React, Next.js and TypeScript. Build reusable UI components and integrate REST APIs. Improve application performance, accessibility and SEO. Work directly with clients to gather requirements and deliver solutions. Use Git, GitHub and Figma throughout the development process.

Front End Developer • InflightIT

Fev 2025 - Jul 2025

- Development and maintenance of functionalities in React and Next.Js. Integration of REST APIs with frontend applications. Built reusable components following Figma designs. Participated in Agile ceremonies (Sprint Planning, Reviews and Daily Meetings). Collaborated using Git, Jira and VS Code. Use of Time: 60% Accessibility and Performance Improvements, 40% New Feature Development. Team Size: Collaborated with a team of three developers and one designer.

Sales & Customer Service Assistant • ÓTICAS GIRÊH

2021 - 2023

- Provided in-person customer service and product guidance (optical lenses and frames). Explained technical product details and helped clients choose personalized solutions. Managed orders, stock, and appointments. Supported administrative tasks and record-keeping.
